VOLUME CVIII.--NO. 198. ALEXANDRIA, VA., TUESDAY EVENING, AUGUST 20, 1907. PRICE 2 CENTS.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, old liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in *plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

Alexandria Gazette.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

ALEXANDRIA HAS MANY FINE SCHOOLS.

The Richmond Times-Dispatch of Sunday contains an illustrated article on the schools of Alexandria county, with an excellent picture of the Superintendent, Mr. James E. C. Clements and of the very handsome school buildings that have been erected under his direction. It says:

Pictures of seven of the beautiful and commodious public school houses of Alexandria county appear in The Times-Dispatch today. Perhaps there are none finer in the State.

These public schoolhouses have all been constructed under the vigorous and untiring leadership of Superintendent James E. Clements, who has taken special pride in developing the school system in his county and making it as near perfect as may be, and by giving the people attractive schoolhouses, he has added greatly to the general progress and prosperity of Alexandria county.

The Columbia school building, with rooms for six teachers, was erected at a cost of $12,000.

The Hume school building (named for the lamented Frank Hume, one of the most public-spirited citizens of the county), cost $8,000.

The Mount Vernon Avenue school building, with rooms for four teachers, cost $7,000, and an addition is now being constructed and the building, when completed, will have six rooms for teachers and a large concert hall, costing altogether some $13,000.

The Ballston school building, with rooms for four teachers, cost $8,000. An addition is contemplated to this building to accommonate two more teachers, or 50 scholars each.

The Saegmuller school building cost $3,500.

The Carne school building cost $3,000. The Glencarlyn school building also cost $3,000.

Each schoolhouse is provided with a fine piano, purchased, not from public funds, but from the proceeds of concerts given by the teachers and pupils, at the suggestion of Superintendent James E. Clements. Each of the schoolhouses is surrounded by an acre or more of land as a playground, and is located on a high and healthy site. Besides these, Superintendent Clements contemplates in the near future erecting three new schoolhouses, one at Cherry Dale, to cost $6,000; one near the courthouse at Fort Myer, to cost $10,000, and one at Clarendon, to cost $8,000.

In addition to this great work, the public school system of Alexandria county is so well developed and under such excellent business and financial management that the schools are kept open for the full term of nine months during each year, and the teachers are paid from $30 to $60 per month.

The marvelous development and growth in Alexandria county during the last few years has been attributed, and justly so, to the splendid public school system and beautiful modern school buildings, that have attracted capital to its borders, until now the county can boast of more than half a million dollars of improvement every year, and her prosperity is rapidly growing. People in Washington and elsewhere are reaching out to her green hills and fertile lands for homes outside the bustle and stir of the city, and the time is not far distant when her wealth will be multiplied many fold.

Superintendent James E. Clements has done more to bring about this prosperous condition in Alexandria county than any other one man, and he believes the foundation of all progress is an intelligent, moral and well-educated community, and with that end constantly in view, he has forged ahead with untiring zeal and energy, to build up these schools and make them attractivo for the credit and uplifting of his people, and through them to promote every material interest of his country and section.

As a further evidence of the educational development in Alexandria county it will be noted that the exhibits from her public schools at Jamestown are attracting great and deserved attention.

They are shown in three large cases and the following list of exhibits will give some idea of the character of the work done in these schools:

Cabinet 81—Primary language, drawing, painting, paper-cutting, color work, silhouettes. Second, third and fourth grades, work in languages, arithmetic, historical compositions, local history, etc.

Cabinet 82—Paper-weaving, parquetry. Pictures of school buildings, old and new. Drawing, painting, paper-cutting, nature study, primary work. High school work, geography, grammar, literature. Advanced arithmetic, algebra, business correspondence forms, and bookkeeping.

Cabinet 83—Painting, drawing, black and white work, historical scenes, with compositions. Advanced drawing. Letter-writing. Map of the county. Work of the commercial department. Writing exercises in music, compositions based on English and American history. Historical compositions, illustrated.

Bases of cabinets. Illustrated pamphlets of school work.

On the wall. Old school building.

Pictnres of seven rural school buildings (1907) of the most improved modern type, for graded schools.

The rest of the State can well emulate the splendid example set by Superintendent Clements in Alexandria county, and Virginia's entire school system would then soon become the best and most effective in the country.

Mr. Clements says with confidence that the increase of population in his county by reason of people coming from other States and cities and buying homes there on an average of about 500 a year, and following said increase of population the increase in improvements made by our own people, as well as those who come from a distance, is now at the rate of a half million dollars or over a year.

He attributes all this general improvement in his section to the graded schools and fine school buildings with beautiful grounds above referred to.

Mr. Clements believes that there is no better way to make the people of a county contented and happy, and induce them and their families to remain on their farms in the old Commonwealth and thus contribute to her welfare and advancement, then to furnish them fine school houses, with concert halls for their entertainment, and the best teachers to instruct the youth of the State. He declares that good schools and attractive school building in which all the people of a community can take pride are the beacon lights of a high civilization, and the best guarantee of prosperity and contentment to the farming districts of a State or nation.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, AUG. 20, 1907.

AFTER many years of discussion without any real action, the State of Florida has at last commenced the work of draining the great submerged tract known as the Everglades. This is to be done by cutting a series of canals leading into rivers on both the gulf and Atlantic slopes. The section to be drained comprises about 3,000,000 acres, upon which there is very little timber or brush, consequently the work of reclamation will be comparately easy and it is expected to have several thousand acres ready for cultivation and settlement by December of this year. Owing to the latitude and the great value when thoroughly drained. It is estimated that 500,000 acres of this land could produce 2,250,000 tons of sugar now annually imported by the United States. It will also be admirably adapted to the cultivation of rice.

PROFESSOR Edward A. Ross, head of the sociology department of the University of Wisconsin, in a recent lecture to the students, said that "restriction in the birth rate is a movement which at the bottom is salutary, and the evils in its train appear to be minor or transient or self-limiting or curable," thus taking direct issue with President Roosevelt's well-known idea as to race suicide. Professor Ross says he is "with those who hate famine, war, saber-toothed competition, class antagonism, degradation of the masses, wasting of children, dwarfing of women and chespening of men," and asks if the time will come when the mother of more than three is "regarded as a public benefactor and placed on the pay roll of the State." Professor Ross himself is the father of three children.

THE Culpeper Enterprise avers that "the pure election law which is intended to prohibit the use of money, and which requires the candidate to make up a sworn statement of the money used, has tied the hands of the honest man, and has proved a big stick in the hands of those who purchase the electorate." It there fore urges the formation of a "pure election league" in its county. "The good people," exclaims the Enterprise, "who are disgusted with vote buying and vote selling, must unite, and by united vigilence the lawbreakers will be routed." It seems that the more "pure" election laws that are passed the more corrupt elections become.

IN ACCORDANCE with the resolution previously introduced by Premier Botha, the Transvaal Assembly yesterday, by 42 to 19 votes, authorized the government to purchase the Culliman diamond, the largest in the world, valued at $1,000,000, as a present to King Edward in token of the loyality and appreciation of the people of the Transvaal for the bestowal of a constitution on the colony. The Boers are a grateful people and bear little enmity to their conquerors.

AN investigation of the artificial ice industry in Washington by the United States Public Health and Marine Hospital Service has led to some disagreeable disclosures. Individual plants were found in which the business was conducted under unsanitary conditions, and in consequence disease germs were found in the product. The New York Medical Journal has no doubt that these conditions account in a measure for the prevalence of typhoid fever at the national capital last year.

THE EARNINGS of the United States Steel Corporation in the second quarter of the current year were larger than in any preceding quarter in the history of the concern, the net returns for the three months amounting to $45,503,705. The earnings for the corresponding quarter of 1906 were $40,125,032. But when a proposition is made in Congress to reduce the duties on steel a cry goes up that American industries must be protected!

IN A speech at Columbus last night, opening his campaign for the Presidential nomination of the republican party, Secretary Taft announced his platform. He accepts President Roosevelt's policies, favors tariff revision and an income and inheritance tax.

THE California Supreme Court rendered a decision in the McKannay salary case yesterday, sustaining the legality of the removal of Mayor Schmitz, of San Francisco, and the appointment of Mayor Taylor. This should put a quietus to the grafter mayor.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 20.

Former United States District Attorney Morrison, of Chicago, says he promised absolute immunity to the Chicago & Alton Railroad in return for its assistance to the government in prosecuting the rebate cases against the Standard Oil Company. This immunity, he declares, extends to individual officers of the railroad as well as to the corporation. "Did you enter into the immunity agreement on behalf of the Government with representatives of the railroad?" Morrison was asked today. "I did," he replied, "with Ralph M. Shaw, of Chicago, one of the counsel for the Chicago & Alton Railroad." "Did that agreement refer to corporate immunity or only to individual immunity?" the correspondent asked. "The spirit of the agreement was broad enough to cover every kind of immunity. We agreed to grant the broadest kind of immunity to the railroad if it would enter into a bone fide pledge with us to furnish in good faith all the facts and information sought and necessary for the indictment and conviction of the Standard Oil Company. To have restricted with immunity to the individuals of the road or to the road in its corporate capacity would have been in violation of the spirit with which the agreement was sought and obtained." "Did you make the agreement on your own responsibility or with the approval of the Department of Justice." "It was made with the knowledge and approval of Attorney General Moody." It is expected that in addition to communicating further with Judge Landis Attorney General Bonaparte will also confer with former Attorney General Moody, now associate justice of the Supreme Court, before making a public announcement of the present attitude of the department in the matter.

The "We Don't Patronize" or "unfair" list of the American Federation of Labor contains the names of 84 business concerns scattered throughout the country. The list as published is introduced with the following statements: "When application is made by an international union to the American Federation of Labor to place every business firm upon the "We Don't Patronize" list, the international is required to make full statement of its grievance against such company, and also what efforts have been made to adjust the same The American Federation of Labor either through correspondence on by duly authorized representatives seeks an interview with such firm for the purpose of ascertaining the company's version of the matter in controversy and thus every endeavor to secure an amicable adjustment. After having exhausted in this way every effort to amicably adjust the matter, the application, to gether with a full history of the entire matter, is submitted to the Executive Council of the A. F. of L. for such action as it may deem advisable. If approved, the firm's name appears on the 'We Don't Patronize' list in the following issue of the American Federationist." Deputy U. S. marshals were busy last night and early today serving notice of the suit brought by Van Cleave upon the members of the Executive Council of the Federation. President Gompers declined to discuss the suit today further than to remark that the A. F. of L. would continue to stand upon its constitutional privileges in the matter of free speech and free press.

If recommendations that are being vigorously made by army officers commanding divisions and departments in their annual reports to the War Department are carried out by the department, which appears likely, Congress will be besieged at its coming session to adopt legislation providing for higher pay for men and officers in all branches of the service, to re-establish the army canteen as a solution of the problem of the moral salvation of the army, and to liberally increase the strength of the whole army.

United States Ambassador Leishman, at Constantinople, cabled the State Department today that he has received fresh assurances from the Turkish government that there is no intention on its part to send troops into the Persian territory and that the activities are confined to the disputed territory along the border of the two countries. He was also assured that there is no danger to foreigners at Urumiah, where there are a number of American missionaries and teachers connected with the Fiske School for girls.

The statement of Col. Goethals, Chief Engineer of the Panama Canal, that the work on that great waterway is progressing so much faster than was expected that he can confidently predict the completion of the canal much sooner than was estimated is gratifying to officials here. It is quite probable that Col. Goethals' recommendation that he be given authority to spend more money than was actually appropriated by Congress for this years' work on the canal will be approved.

TRAPPED IN CAISSON.

Trapped in a smoke-filled caisson 60 feet below ground in the Hudson river tunnel under Fulton street, near Greenwich, a dozen workmen yesterday battled for life when fire started in a great pile of oakum with which one of the men was calking the seams of the wooden frame.

Daniel Cassidy, one of the workmen, was searching for leaks when the escaping air drew the flame against the oakum. In an instant the fire spread over the inflammable material, giving forth a dense, suffocating smoke, which quickly filled the narrow cell in which the men were working.

The emergency signal was given, and when the bucket in which the men are lifted from the compressed-air chamber was lowered the panic-stricken toilers fought each other that they might be first to be released. Cassidy kept his head and called for water, and with several of the men fought the fire till the last.

As the men were extricated and staggered to the outer air several fell exhausted.

THE PRINCE ARRIVES.

With Prince William, second son of Crown Prince Gustave, and grandson of King Oscar of Sweden, on board, the Swedish cruiser Fylgia steamed into Hampton Roads yesterday afternoon and anchored at the head of a column of American warships which are there to receive the royal visitor. His landing marked the beginning of the elaborate festivities arranged for "Swedish week" at the Jamestown Exposition. A special car conveyed the prince and his party to Norfolk, where he was the guestof honor at a dinner given at the Virginia Club by the Swedish Consul, Mr. Fernstrom. More than 100 prominent Virginians, as well as distinguished army and navy officers stationed at the exposition, at the navy yard, at Fort Monroe and on the American fleet in Hampton Roads, were the guests. Toasts for President Roosevelt and King Oscar of Sweden were exchanged.

Matthew C. Fleming of New York City was today appointed to prote the New York Insurance Department.

News of the Day.

Ambassador Reid yesterday unveiled the tablet erected in Salisbury Cathedral, England, in memory of the tourists killed in the American line express wreck one year ago.

Attorney General Bonaparte has given counsel to the distillers final notice to prepare a test case for decision by the Supreme Court in the contention arising over the pure food law.

Hazing or "running" of plebes has again broken out at the Naval Academy, according to well-authenticated reports coming from members of the fourth class. The harassing of plebes is being done by members of the upper classes, principally of the second class, who were held over for a course of practical summer instruction.

The punching house of the Dupont Powder Company, at Boyles, six miles from Birmingham, Ala., blew up at an early hour yesterday morning. Four men engaged in punching dynamite at the time were blown to atoms. This is the third explosion in Birmingham powder mills in three weeks, with a total of six deaths, with many injured.

A dispatch from Columbus, Ohio says: Immediately after opening the Philippine parliament in October, Hon. W. H. Taft will resign the Secretaryship of War. That act will complete his officials duties, and his formal resignation will come by cable—if it is not already in the President's hands—to take effect at that time. Now an avowed candidate, he realizes that he cannot with propriety, or successfully, conduct his canvass as a member of the administration family. Until he completes his service in the Philippines, he will travel at government expense, using United States transports on part of his journey, but after that he will pay his own way and go as an ordinary traveler.

SWEEPING INJUNCTION.

A significant legal action was begun in the Supreme Court of the District of Columbia, yesterday, by James W. Van Cleave, president of the National Association of Manufacturers, to enjoin Samuel Gompers, John Mitchell and other officers of the American Federation of Labor, and several of its subsidiary organizations, from using the boycott and so-called "unfair list." Mr. Van Cleave instituted the suit in the name of a large manufacturing company of St. Louis, of which he is president, whose products are alleged to have been declared unfair by the labor unions, but the significance of the action lies in its being a test case wherein Mr. Van Cleave, as head of the Manufacturers Association, seeks to permanently enjoin organized labor from using the "unfair" or "we don't patronize" lists in its fight against firms and individuals. The papers were filed yesterday in order that personal service might be immediately obtained against a large number of the labor leaders named in the complaint, who are in Washington in attendance upon a general conference.

The plaintiff asks that the defendants be enjoined on nine special points, first alleging a conspiracy unlawfully to injure its business. Among the points are the following: From, in any manner, carrying on a conspiracy to restrain and destroy the business of the plaintiff; from agreeing or combining to interfere in any manner with the business of the plaintiff or any other person, firm or corporation; from bycotting or attempting to boycott the or threatening to boycott the plaintiff or the plaintiff's business or attempting to interfere with the regular operation or the shipment, sale, or trade in its goods or from aiding or abetting such boycott; from printing, publishing, or distributing through the mails any copy of the American Federationist, which is the organ of the American Federation of Labor, which contains the name of the plaintiff corporation under its, "We don't patronize" or "Unfair" list, or which contains any statement that the plaintiff is or has been unfair; from publishing or circulating in any way, in pursuance of the alleged conspiracy, in writing or orally, any statement to the injury of the product of the plaintiff or dealers or the public that the plaintiff's factory has been boycotted and that its goods should not be dealt in, or for the purpose of coercing any dealer or person not to purchase the plaintiff's product. The sweeping nature of this action is indicated by a partial list of national and international unions and state federations that will be directly effected if the injunction, which includes 178 names of organizations, is granted.

KILLED IN TROUGH.

While kneading dough in an electrical machine in the bakery of Mr. J. J. Rokoe, in Baltimore, yesterday, Joseph Brecka, 28 years old, an employee, was caught in the coils and his body was drawn into the machine, breaking his right arm and leg and crushing four of his ribs. He was taken to St. Joseph's Hospital, where he died several hours later.

Besides the force of men employed at the bakery, it required the efforts of a squad of policemen and two firemen to extricate the man's body from the mixer. They worked for two hours in an effort to get Brooks from the machine, and finally it was found imperative to break it into parts with a chisel and a sledge hammer.

The news that the man was caught in the machine spread like wildfire in the thickly populated section where the bakery is, and several hundred persons gathered in front of the building and craned their necks attempting to get a glimpse of the unfortunate man in his horrible plight.

GUILTY OF NEGLIGENCE.

The coroner's jury of Wake county, N. C., investigating the cause of the head-on collision between a freight and passenger train on the Southern Railway near Auburn, August 6, in which a freight engineer and two firemen were killed, returned a verdict yesterday finding Engineer Rippey and Conductor Oakley guilty of gross negligence and carelessness in overlooking their orders to meet the next freight. B. R. Ketcham, chief train dispatcher, and Victor Parvin, train dispatcher, were also found guilty of gross negligence and carelessness, and the Southern Railway was censured for the loose way in which its rules are enforced. Under the State law the verdict against the four men named will bring a trial for manslaughter, though no warrants have yet been issued.

Virginia News.

Chaplain Harry W. Jones, who was recently court-martialed at Norfolk, is said to be prostrated at the Marine Barracks.

Francis B. Whiting, a Virginian of the old school, died Sunday evening at "Edgewood," his country place, near Millwood, Clarke county, aged about eighty-two years. He leaves a widow.

Mr. William Astor Chandler, of New York, grandson of John Jacob Astor, has purchased from W. A. Metzger, of Leesburg, the 400-acre farm a mile south of Leesburg, formerly the property of W. F. Lewis.

A large water main in Shenandoah river burst Saturday, and the people of Berryville are now without water, except what can be drawn from cisterns. It will be several days before the break can be repaired.

The situation at Onancock is not reassuring. It is proposed to ask Governor Swanson to send more troops to protect the people, who fear trouble during the negro fair at Tasley. The white women have been alarmed by the recent exciting events.

Mr. Thomas Seddon Bruce, for more than a quarter of a century identified with the social and business life of Richmond, died Sunday afternoon at the Greenbrier White Sulphur Springs, W. Va., whether he had gone in the hope of regaining his health.

Reports are made to the Auditor of dog collars and tags having been stolen. Recently a resident of north Columbus street lost a dog collar and tag No. 326, and today a resident of upper Prince street reported a like lost; collar and tag No. 631. It is a larceny to take and hold a licensed dog, and also a collar or tag.

SECRETARY TAFT.

Speaking to an audience of more than 5,000 persons, Secretary Taft at Columbus, Ohio, last night delivered what will be regarded as his platform in his candidacy for president. Not once did he mention the name of Senator Foraker, but he made emphatic response to the attacks made by the latter on the Hepburn law, tariff revision, and other subjects. But he did not stop here. He first took up abuses in railway discriminations, and told why the president had recommended that the powers of the Interstate Commerce Commission should be enlarged. Senator Foraker, in his Ohio speeches this summer, has declared that the Hepburn law was unwise, unconstitutional, and unnecessary. Mr. Taft replied to each of these objections in detail.

He said the railroads had fought the enactment of this law as unwise because it was a departure from the let-alone doctrine and a long step toward government ownership.

Among other things Secretary Taft said:

The imprisonment of two or three prominent officers of a railway company or a trust, engaged in giving or receiving secret rebates, would have a greater deterrent effect for the future than millions in a fine.

I do not favor federal legislation now to reduce such swollen fortunes either by a constitutional amendment to permit an income tax or by a graduated inheritance tax, but whenever the government revenues need an increase or readjustment I should strongly favor the imposition of a graduated inheritance tax, and, if necessary for the revenues, a change in the constitution authorizing a federal income tax.

It is the duty of the republican party to see to it that the tariff on imported articles does not exceed substantially the reasonably permanent differential between the cost of production in the foreign countries and that in the United States. Whenever the tariff imposed is largely in excess of the differential between the cost of production in the two countries there is formed at once a great temptation to monopolize.

Those of us who favor immediate revision can well afford to wait until after the next presidential election in order to secure substantial acquiescence by all republicans.

Mr. Bryan seems to be seeking some system of administering the law under which the rich wrongdoer shall be certainly restrained, while the lawless poor shall escape.

WANT TO ARBITRATE.

President Gompers, of the American Federation of Labor, announced to the executive council of the federation, which began its annual meeting in Washington, that he, John Mitchell, president of the United Mine Workers, and Daniel J. Keefe, sixth vice-president of the American Federation and president of the International Longshoremen's Union, had been selected by President Small, of the Commercial Telegraphers' Union of America, as the latter union's arbitrators in the present strike.

Officers of the two telegraph companies in Washington, when advised of the appointments, expressed their opinion that the head officers of the companies in that city would adhere to the position they have assumed—that there is nothing to arbitrate, and will refuse to confer with Messrs. Gompers, Mitchell and Keefe.

Assistant Manager James T. Bresnahan, of the Western Union, stated last night that he had received applications from several of the union men who walked out last Monday to be reinstated. He said that some of these may be reinstated today. Mr. Bresnahan asserts that his company is handling all business presented, both in and out, and, while messages are taken subject to delay, it is because of difficulty at relay points. He says that all the Western Union Company's direct wires out of Washington are working just as if there was no strike.

Manager Prosser, of the Postal Company, also says that he is keeping up with all business presented, into and out of Washington, and that all his direct wires are in perfect working order.

Today's Telegraphic News.

The President at Provincetown.

Princetown, Mass., Aug. 20.—Salutes from the battleships anchored in the shelter of Cape Cod's jutting horn shortly after 8 o'clock today, announced the arrival of the Mayflower, bringing President Roosevelt and the opening of the biggest day in Provincetown's history.

The route to Town Hill was short and the corner stone ceremonies began as soon as the procession arrived. They were performed by the Grand officers of the Massachusetts Grand Lodge of Masons, and by the officers of the Pilgrim Memorial Association to whose efforts the erection of the monument is due. The most inspiring feature about the box had been placed in the corner stone and the cap applied when the vast audience of over 30,000 people rose and with bared heads sang "America."

President J. Henry Sears of the Pilgrims Memorial Society, then introduced President Roosevelt.

The President began his address by referring to the influence of the Puritan fathers upon the American continent and the entire United States. He, however, referred to their blunders at times through misguided zeal. The President paid homage to the high spirit that actuated them, and said their example was worthy of imitation by people of all ages. "The Puritan," the President said, "was no Laodicean, no laissez-faire theorist. When he saw conduct which was in violation of his rights—of the rights of man, the rights of God, as he understood them—he attempted to regulate such conduct with instant, unquestioning promptness and effectiveness. If there were no other way to secure conformity with the rule of right, then he smote down the transgressor with the iron of his wrath. The spirit of the Puritan was a spirit which never shrank from regulation of conduct if such regulation was necessary for the public weal; and this is the spirit which he must show today whenever it is necessary. * * * * The utterly changed conditions of our national life necessitate changes in certain of our laws, of our governmental methods. Our federal system of government is based upon the theory of leaving to each community, to each State, the control over these things which affect only its own members and which the people of the locality themselves can best grapple with, while providing for national regulation in those matters which necessarily affect the nation as a whole. It seems to me that such questions as national sovereignty and State's rights need to be treated not empirically or academically, but from the standpoint of the interests of the people as a whole. National sovereignty is to be upheld in so far as it means the sovereignty of the people used for the real and ultimate good of the people; and State's rights are to be upheld in so far as they mean the people's rights. Especially is this true in dealing with the relations of the people as a whole to the great corporations which are the distinguishing feature of modern business conditions.

Experience has shown that it is necessary to exercise a far more efficient control than at present over the business use of those vast fortunes, chiefly corporate, which are used (as under modern conditions they almost invariably are) in interstate business. When the constitution was created none of the conditions of modern business existed. They are wholly new and we must create new agencies to deal effectively with them."

The President's speech in the main was a review of present conditions and issues concerning trusts, interstate commerce, &c. He said that the laws against all illegal combinations would continue to be enforced.

After the President came Ambassador Bryce, who received almost as rousing an ovation as the President.

The speech making was wound up by Senator Lodge and Congressman Lovering and the party then marched to the Town Hall, where a banquet was served to the President and about 200 guests.

Japan after the Philippines.

Berlin, Aug. 20.—Despite all denials there seems no doubt that Japan is trying to raise money with a view to the acquisition of the Philippines. From at least two reliable sources come positive assurances that the Berlin representatives of the pool that eight Japanese banks commissioned to float a $50,000,000 bond issue in Germany told the financiers with whom they negotiated that the funds are desired to bring America's insular possessions in the Orient under the Mikado's rule. Just how the islands are to change hands, according to the Japanese plan, is not just clear. One story is that the Mikado will get them by "peaceful conquest," which the German bankers approached are said to have interpreted to mean "by purchase" from the United States. Another version is, however, that the Japanese emissaries used a Japanese expression equivalent to the German words, "friedliche eroberung," or "without great effort." German bankers have definitely informed the Japanese that the financial stringency makes the floating of the loan here an impossibility at present; that nothing can be done before October in any event; and that even then Germans will not consider a loan to the Mikado if Japanese-American war rumors are still in circulation.

Charges Against the French and Spanish.

Leicester, Eng., Aug. 20.—Atrocities too horrible to mention and which were a disgrace to the civilization they were supposed to represent, are charged against the French and Spanish soldiers and sailors at Casablanca, by W. T. Bolton, the first refugee from Casablanca, to reach England.

The whole massacre there, Bolton asserts, was deliberately arranged by the French. The invasion of Casablanca was so arranged as to cause the Moors to resort to violence, thus giving the invaders an excuse for shooting down helpless natives and resorting to terrible outrages against the Moors. Bolton says the conduct of the French and Spanish soldiers at Casablanca was a disgrace to civilization.

German Tourists Fall to Death.

Berne, Switzerland, Aug. 20—The fate of three German tourists who had been missing on the Jungfrau since last Thursday, was cleared up, when guides discovered their dead bodies on a glacier below Rotthal-Sattal. They had fallen a distance of two thousand feet.

Arbitration Talk.

New York, Aug. 20.—All the serious talk about union headquarters today was about arbitration, and the possibilities of a settlement with the companies. The belief prevails that the officials of the companies will consider arbitration, when the proposition is presented by proper authorities in spite of the denials of the officials that there is anything to arbitrate.

Chicago, Aug. 20.—Almost open revolt has been created among the telegraphers by the announcement that a committee has been appointed by the National Council of the Federation of Labor to consider arbitration of their strike.

Farmer's Wife Murdered.

Camden, N. J., Aug. 20.—Mrs. Anna Horner, wife of Edwin Horner, a farmer, was murdered this morning at her home corner of Cooper's Creek and Browning Road, about four miles from this city. Horner was awakened about four o'clock and found his barn on fire. Accompanied by his hired men he hastened to the building to fight the flames. While so employed burglars entered the house and killed Mrs. Horner by striking her on the head with an axe. Victoria Natali, 22 years old, a domestic, was also attacked. She was taken to Cooper Hospital, where she died at 9:30 o'clock. The burglars secured $4 in cash and two gold watches. A negro suspect has been captured.

Terrible Mining Disaster.

Berlin, Aug. 20.—A terrible mining disaster has occurred in China resulting in the death of about 125 persons, including two German engineers according to dispatches received here today.

The messages comes from the Sing-Tau and says an explosion in the Fang-Tse mine had caused the disaster. The Germans were acting as firemen of Chinese mining gangs.

Eighteen Men Killed.

Lille France, Aug. 20.—Eighteen workmen are believed to have met a frightful death today in the collapse of a house on which they were working. They were on the eighth story when the building caved in and they were hurled to the earth and buried under the debris. Three bodies have already been removed. It is believed all the men were killed.

Attempt to Dethrone Sultan.

Paris, Aug. 20.—The attempt to dethrone the Sultan of Morocco as a result of the outbreak of the holy war and the recent disturbances throughout the country has begun. In southwestern Morocco Mouloy Hafid has been proclaimed Sultan. The greatest excitement prevails throughout that section of the country as a consequence.

Explosion in Dye Works.

New York, Aug. 20.—Three persons were fatally injured and 15 seriously as the result of an explosion which occurred at one o'clock this afternoon at the Manhattan dye works in East New York. The building caught fire and is still burning. Several employes jumped from a third story window and were more or less injured.

Fight for Open Shop.

New York, Aug. 20.—In yesterdays session of representatives of nineteen big employers' associations New York labor leaders see, not a national employers' federation, to promote industrial peace, but an amalgamation of associations to extend the propaganda for the open shop and to oppose organized labor in all branches of industry represented.

Passenger Train Ditched.

St. Louis, Aug. 20.—Passenger train No. 5, on the Iron Mountain line, is reported in the ditch at Alica, Arkansas. The accident occurred last night, and was due to a break in the rails. No one was killed and but one person hurt.

New York Stock Market.

New York, Aug. 20.—What looked like covering of shorts contracts ran union Pacific up about a point at the out et of the market, and the general list, with a few except ons, also made a show of strength at that time. Almost all immediately heavy selling orders appeared in a quarters of the market under which priced crumbled away in all directions. The special weakness of the traction shares were not liked, as it was believed to foreshadow serious events. The Taft speech of yesterday did not come in the nature of a surprise, and was hardly held to be a factor in the break. Going on the lines of the Taft speech, the street is not apparently prepared to be surprised by the Roosevelt utterance at Provincetown today.

Following the publication of the President's remarks, anent the vigorous prosecution of all violaters of law, the bottom fell out of American Tobacco. It dropped twenty-nine points to 201, the lowest figure reached in many years.

Rising from the Grave.

A prominent manufacturer, Wm. A. Pertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. MILKMEN ARE EXEMPT.

Mr. Charles C. Carlin, democratic nominee for the House of Representatives from the Eighth district, conferred yesterday with Dr. William C. Woodward, health officer of the District of Columbia, with reference to the application of the tuberculin test of cows on the diary farms of Virginia and as a result the latter has recommended to the District Commissioners that the tuberculin test shall not be applied to any of the cows on the farms of dairymen who now hold District permits, but will be applied only to those making application for permits hereafter. Dr. Woodward, it is said, has further recommended that this regulation be put in legal form by the corporation counsel to be promulgated, and that it be allowed to remain in force until Congress has acted on the matter. Meantime, the whole subject will be considered by the District milk commission, of which Gen. George M. Sternberg is chairman.

THE JUDGESHIP.

Judge J. K. M. Norton and Messrs. J. R. Caton and S. P. Fisher returned from Richmond last night where they went to urge Governor Swanson to appoint Mr. J. M. Johnson to the position vacant on September 10th of judge of this circuit. Their interview lasted a long time and at its conclusion the Governor announced that he would give the matter careful consideration and notify Judge Norton of his conclusion before an appointment was made. The impression made upon the delegation was that Mr. J. B. T. Thornton, of Prince William, would have been appointed judge yesterday but for their appeal in behalf of Mr. Johnson. They assured the Governor that Mr. Thornton himself had indorsed Mr. Johnson for the position and that a number of the members of the bar of Fairfax and Prince William counties, who had indorsed Mr. Johnson and had subsequently transferred their indorsement to Mr. Thornton, had done so after having been informed that the Governor had said he would under no circumstances appoint Mr. Johnson to the position and that Mr. Johnson had withdrawn. The Governor assured the delegation from Alexandria that he had never made such a statement and said if Mr. Johnson had been the only candidate he would have appointed him. He added that he wished a little time to make inquiries concerning the information presented to him by the Alexandrians before he reached a definite conclusion. He was at first inclined to give both sides a hearing at some future date concerning the matter but afterward concluded that such a course would be inadvisable.

No one appeared to request the appointment of Mr. Thornton, but his application for the position was in the Governor's hands and it is presumed that the friends of Mr. Thornton were content to have his name submitted without special appeal. The Alexandrians called the Governor's attention to the numerous indorsements Mr. Johnson had received from the lawyers throughout the circuit and to the petition signed by more than 700 of the representative citizens of Alexandria, asking for Mr. Johnson's designation to the judgeship. It was declared that he is the choice of a large majority of the people of the circuit. It is possible that when Mr. Thornton is advised of the circumstances under which some of the members of the bar indorsed him he will withdraw from the contest but the general impression is that the appointment of Mr. Thornton has already been decided upon and that he will soon receive his commission as judge. The Richmond News-Leader of yesterday said:

"Governor Swanson has not yet made an appointment of a judge to succeed Judge Charles E. Nicol, of the sixteenth circuit who resigned when he became a candidate for Congress in opposition to Congressman-elect C. C. Carlin. There are two candidates—John B. T. Thornton, of Prince William, and Mr. Johnson of Alexandria. Friends of both candidates have been very active, and some time has been given to hearing the matter, but so far the governor has reached no conclusion. The governor would not indicate the man to be selected, but one of the closest of the governor's personal and political friends said that he felt sure that the appointment would go to Mr. Thornton, of Prince William. He was the first candidate to announce himself, lives in the county and is exceedingly popular."

THE WRIGHT CASE.

Mr. James E. Clements, attorney for John Wright, who was sentenced by Judge Barley to be hanged May 31, in the county, for an assault on Miss Mabel Risley, and was reprieved by Gov. Swanson until August 30, characterizes as unjust the criticism of certain persons regarding the delay on the part of the governor in deciding upon a commutation of sentence.

"There is nothing unusual about this," said Mr. Clements. "An extension of 90 days is invariably taken by a governor in order to give the important matter of commutation of sentence proper consideration. It must be remembered that Gov. Swanson is a very busy man, and has been since the opening of the Jamestown Exposition. The statement has been made (evidently with the purpose of prejudicing the minds of the people against the prisoner) that the cost of keeping Wright in the Alexandria county jail is $150 a month. The cost of keeping and supporting a prisoner in jail in Virginia is fixed by statute not to exceed 40 cents a day, and if there are ten prisoners in jail not to exceed 30 cents a day. If any such charge as $150 has been made, it is contrary to law and the statute of Virginia. I will investigate it and if it be true will lay the matter before the grand jury."

THE ELECTRIC RAILWAY.

The railway cut for the W., A. and Mt. Vernon road through the northern and western bounds of the old fair ground having been completed, a large force is engaged in bedding ties, laying rails and erecting trolley poles along the extension of Cameron street. Already the crossing of West street has been accomplished, and connection with the King street line made at the corporation line. At Spring Park the double tracking was accomplished Sunday, and is now in use. Rail connection was also made for the spur track that is to be built to the Union depot as soon as Hooff's run is bridged and the new line in operation, which will probably be this week. All unnecessary poles have been removed and those in use regulated.

PRISONERS ESCAPE.

Oscar Nichols and Philip Twyman, both colored, the latter having but one leg, who were sentenced in July to serve six months in jail for breaking the window of Mr. James Roche's tailoring establishment on King street, escaped from the chain gang yesterday.

Alice Nesby and Lottie Gray, both colored, who had been sent to the work house for 30 days, escaped from that institution yesterday.

COUNTY DAY AT LUNA PARK.

A day of unusual magnitude at Luna Park to which is tacked much importance will be Alexandria County Day, which has been set aside for Friday, August 23d. Never has there been a day at the park that has offered a greater divertisement of amusements than will this day. Aside from the regular routine usually associated with outings of this kind, there will be a challenge baseball game between the Ballston boys and the Luna Park team and tomfoolery will run rampant, made possible by such ludicrous events as a fat men's race, potato race, a sack race, tug of war, 100 yards dash, vaulting, and the most spectacular of all equestrian feats, the dash of the knights. Upwards of thirty romantic looking yeoman, garbed in the regalia of the days of chivalry, will ride across the park's campus to a given goal, performing some astounding feats of horsemanship that are never seen outside of a circus. The social twirl will of course be in action, and come in for its share of patronage. Special and appropriate moving pictures have been secured, and the three Alronas will go about some dexterous antics upon the hippodrome stage that will cause you to look and laugh. The Greater Washington Band will be the musical attraction and Director Bovello will see to it that the spirited gallops and descriptive numbers appropriate for a conclave of this kind will help lend the affair the attractiveness it merits. Tradesmen's and Merchants' Day is announced for Tuesday, August 20th.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Alice Gallahan, charged with being drunk in the street, was fined $2.50.

Charles Webb, colored, charged with assaulting Mary Webb, was fined $5.

Bessie Keys, colored, charged with assaulting Janie Johnson, also colored, were fined $10.

Joseph Adams and William Goings, both colored, charged with disorderly conduct, were fined $2.50 each.

William Lomax, colored, charged with interfering with an officer in the discharge of his duty, was fined $2.50.

Herman Jett, charged with being a suspicious character and with tampering with window blinds on lower Prince street, was sent to jail for 20 days.

Arthur Mason, colored, charged with assaulting Mary Saunders, also colored, forfeited his collateral by failing to appear.

Mary Matthews, colored, suspected of stealing a watch from J. E. Brown, had her case continued until tomorrow.

Luther Robinson, colored, charged with assaulting Janie Johnson, colored, was fined $5.

Three young men, charged with gambling last Sunday near Hunting creek bridge, forfeited their collateral by failing to appear.

WEDDING.

Mr. B. F. W. Bryant, of the Bryant Electrical Works of this city, and Mrs. Julia P. Crump, of Louisa county, will be married at 8:30 o'clock tonight at Christ Church by Rev. Edgar Carpenter, rector of Grace Church. Mr. Bryant is from Massachusetts and came here over a year ago, since which time he has made many friends. Mrs. Crump is a daughter of the late Rev. Landon Cutler, formerly of Richmond. After the ceremony Mr. and Mrs. Bryant will leave for Boston on a visit to the groom's family; later they will go to North Carolina, where Mr. Bryant will engage in the electrical business.

SENT TO JAIL.

A man who gave his name as Herman Jett was taken in custody about midnight last night by special Officer Mullen for acting in a suspicious manner on Prince street, between Lee and Union. It was alleged that he tampered with window blinds and was seemingly imitating "Jack the Peeper." Jett was brought before the Police Court this morning when he stated that he was an optician and lived in Washington and was in the neighborhood for the purpose of boarding a steamer which was expected to arrive from the lower river at a late hour. Justice Caton sent him to jail for twenty days.

DEATH OF MR. CRUPPER.

Mr. John Scott Crupper, formerly of this city, who a few months ago left here for Colorado in quest of health, died in Denver on Saturday, and his remains were interred there yesterday. He was the eldest son of the late John T. and Cora A. Crupper, of this city, and married a daughter of the late D. G. Watkins, of Fairfax. His wife went to Denver with him and was with him at the time of his end. His many friends in this city will sincerely regret to learn of his death.

ACQUED DISMISSED.

Henry (alias Sam'l) Robinson was arrested yesterday in Alexandria county by Deputy U. S. Marshal, Joseph F. Glover upon a warrant issued by U. S. Commissioner J. W. Wormley, charging him with assaulting and beating a man in Arlington Cemetery. Robinson had a hearing before U. S. Commissioner Wormley, who dismissed him.

INFANT DIES ON TRAIN.

The infant child of Mrs. L. M. Toombs, of Crozet, died Saturday afternoon while the mother was returning from a visit to Alexandria. Mrs. Toombs took train No. 7 in Alexandria and soon after starting the child began to grow desperately ill and died before the train reached Charlottesville.—[Charlottesville Press.

STEAMER AGROUND.

The steamer Norfolk while on her way up the river at an early hour this morning ran aground at Maryland Point. A heavy fog was prevailing at the time. At 4 o'clock this evening the steamer had not arrived at this city.

AGENT ARRESTED.

Mr. R. R. Taylor, of Danville, agent of the Portner Brewing Company, at Salisbury, N. C., was arrested in the latter city last night and committed to jail to await trial for embezzlement.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

LOCAL BREVITIES.

Constable Payne of Fairfax county, was in this city today investigating the assault made upon Harry Simpson by Milford Self, both of this city, in Fairfax county last Sunday.

Be sure to attend the lawn party at 320 and 322 south Fairfax street tonight. It promises to be a very enjoyable affair. Several visitors from Washington will be present together with local talent to furnish a delightful programme.

A lawn party was given last night at the residence of Dr. Milton Hopkins, 416 N. Columbus street, for the benefit of Meade Chapel, corner Princess and Columbus streets. There will be another party tonight. The managers express their thanks to many friends of the church for their liberal contributions and aid toward making the party a success.

Miss Bridget Mullcair, an old resident of this city, died at her home on north Fairfax street, yesterday afternoon. She was about 75 years old. The deceased was born in Ireland, but she had lived in this city since 1854.

Melvin Bernard Pettit, son of Mr. Harry O. and Mrs. Annie L. Pettit, died in Baltimore yesterday. The remains were brought here today for interment.

The weather became sultry again today, and there were showers during the day.

MURDEROUS ATTACK.

A posse of sheriff's deputies and citizens with guns, led by the city's bloodhound Hope, is the aftermath of murderous assaults by an unknown negro on Charles Sullivan and Miss Mollie Elkins in the Chunns Cove section, near Asheville, N. C., Sunday evening. Sullivan's recovery is doubtful, but Miss Elkins is not seriously injured.

Miss Elkins saw the negro approaching and called in alarm to her companion who challenged the intruder. Sullivan had scarcely spoken, when he was felled with a large rock thrown by the negro. Miss Elkins screamed and the negro attacked her with a cane, striking her across the chest, and following up the blow by attempting to choke her. The girl's cries roused the people in a farmhouse and their answering calls frightened the negro, who ran away. The police were notified and a posse, with a bloodhound, was quickly formed. The dog picked up the trail readily and headed in the direction of Biltmore.

During the night word reached Asheville to the effect that the negro had been captured eight miles away. There is talk of lynching him. The negro, who was pulled off a freight train at Buena Vista while stealing a ride, will, it is said, be taken to Asheville on a special engine, placed in jail and later taken before Miss Elkins for identification.

ROCKVILLE FAIR.

We have received an invitation to attend the fifty-fourth annual exhibition of the Agriculture Society of Montgomery county, Md., to be held at Rockville Aug. 27-30. The advertisement of the fair will be seen in another column. The Rockville Fair is one of the best held in all this section and is annually looked forward to with pleasure by the people. There will be special features this year and all who attend will enjoy the many attractions.

Hunting for Trouble,

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at E. S. Leadbeater & Son's drug store. 25c.

IF JAMES POSEY, formerly of Manassas, will communicate with ROBERT A. HUTCHISON, Attorney-at-law, Manassas, Va., he will learn something to his advantage.

ASSAILANT CONFESSES.

Cringing and quaking in momentary expectation of being torn from the hands of Deputy Sheriff McMillen by the crowd which formed a gantlet from the jail to Magistrate Powers's office in Meadville, Pa., yesterday, Henry W. Wagner, the assailant of Miss Alma Whitehead, improved the first opportunity to plead guilty, anxious to get back to the security of the jail. The expressions Wagner heard as he passed to and from the prison indicated the temper of the crowd, and it would have taken little to precipitate a lynching.

Wagner will probably attempt no defense when he comes to trial at the September quarter sessions. He has already made a complete confession to Sheriff Marshall and Deputy McMillen, in addition to pleading guilty before the committing magistrate.

Wagner, in his confession, described in detail his attack on Miss Whitehead in the public road near her home at Turnersville; how he carried her into the woods, and all that happened before he released her at daylight.

Wagner admits everything, offering in palliation, "I don't know why I did it."

Wagner is a German, twenty-seven years old, about five feet nine inches tall, weighs about 155 pounds, has dark brown hair and his right eye is missing. He is a typical tramp in dress and general appearance. He says he was born in Westmoreland county, Pa., and that he was formerly a miner.

The maximum penalty for Wagner's crime is $1,000 fine and fifteen years' imprisonment.

The details of the outrage upon Miss Whitehead are revolting. Miss Alicia, a pretty girl, delicately reared, left her home, on the town's outskirts of Turnersville, at 7 o'clock Saturday night, to get some milk at a neighbor's house. Entirely disrobed, scarcely able to speak, she literally crawled into a house Monday morning. Miss Alicia was on her errand when a tramp sprang from the dusky woods she was passing, and dragged her nearly three miles into the underbrush, far from any road however unfrequented. Holding a knife to her throat he tore her clothing from her and twisted it into ropes, with which he bound her to a tree. She, half senseless, was held prisoner until long after daylight. Then the tramp pressed the knife to her throat and with oaths told her that if she as much as moved for half an hour he would return and kill her. Nearly an hour passed before she could loosen the bonds; then she dragged herself to the nearest house.

Miss Whitehead is the daughter of a Methodist minister.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

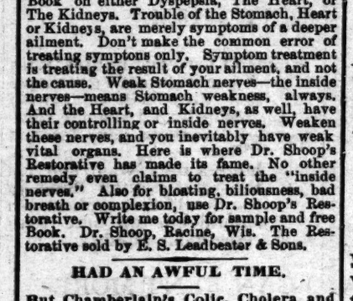
FINANCIAL.



To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Why not open a savings account with us? We pay 3 PER CENT. interest compounded in our Savings Department and solicit your account however small the amount.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907.

ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.

Fairfax, Va., Aug. 17.

TO THE DEMOCRATIC VOTERS OF ALEXANDRIA CITY AND COUNTY: I respectfully announce that I will be a candidate for re-election to the House of Delegates of Virginia, subject to the decision of the democratic primary to be held on the 10th day of September, 1907. I beg to express my sincere appreciation of the confidence expressed by my fellow citizens in conferring this honor upon me for three successive terms, and to assure them, if re-elected, that, as I have in the past, I will in the future devote my best energies and abilities to represent faithfully the interests of the constituency which has so often honored me.

WALL PAPER,

3 CENTS PER ROLL.

It is very bad to have paper coming off, which it is sure to do if done by an inexperienced hand.

I guarantee all work against coming off. Now is the time to have papering done before the busy season.
